

Nicholas Wogan
Department of Earth and Space Science/Astrobiology Program
University of Washington, Seattle, WA
wogan@uw.edu

Education

- 2017-Present **Ph.D Graduate Student**, Dual-title Earth and Space Science and Astrobiology, University of Washington, Seattle, WA.
- 2012-2016 **B.S.**, Physics major, University of Oregon Honors College.

Professional Experience

- 2017-Present **Research Assistant**, Planetary Science and Astrobiology, University of Washington, Seattle, WA. Advisor: David Catling.
- Research topics include the origin of life, the evolution of the Early Earth atmosphere, and interpretation of exoplanet biosignatures.
- 2016-2017 **Research Assistant**, Geophysics, University of Oregon, Eugene, OR. Supervisor: Eugene Humphreys
- 2014-2015 **Undergraduate Research Assistant**, Geophysics, University of Oregon, Eugene, OR. Supervisor: Dean Livelybrooks
- 2014 **Undergraduate Teaching Assistant**, Introductory Physics, University of Oregon, Eugene, OR. Supervisor: Ben McMorran.

Awards and Honors

- 2017 Department of Earth and Space Sciences Top Scholar Award, University of Washington
- 2016 Undergraduate Research Award, University of Oregon Physics department
- 2016 Undergraduate Honors Thesis: Passed with Distinction, University of Oregon Honors college
- 2012 Presidential Scholarship Recipient, University of Oregon

Teaching Experience

- 2019 **Teaching Assistant: Intro. Astrobiology (ASTBIO 115; Winter)**, University of Washington.
- 2018 **Teaching Assistant: Intro. Geology (ESS 101; Winter)**, University of Washington.
- 2014 **Undergraduate Teaching Assistant: Intro. Physics (PHYS 251)**, University of Oregon

Outreach

- Mar 2018 Polar Science Weekend Volunteer at the Pacific Science Center, Seattle, WA

- 2015 Developing physics lessons for Thailand high school teachers.
- We communicated these lessons over five, two-hour video conferencing session from Eugene, OR to Bangkok, Thailand

Conference Presentations and Peer-Reviewed Publications

Peer-Reviewed Publications

- 2021 Joshua Krissansen-Totton, Jonathan Fortney, Francis Nimmo, and **Nicholas Wogan**. Oxygen false positives on habitable zone planets around sun-like stars. In revision at *AGU Advances*.
- 2021 Joshua Krissansen-Totton, Max Galloway, **Nicholas Wogan**, Jasmeet Dhaliwal, and Jonathan Fortney. Waterworlds probably do not experience magmatic outgassing. In revision at *The Astrophysical Journal*.
- 2020 **Nicholas Wogan**, Joshua Krissansen-Totton and David Catling. Abundant Atmospheric Methane from Volcanism on Terrestrial Planets Is Unlikely and Strengthens the Case for Methane as a Biosignature. *The Astrophysical Journal*. [DOI:10.3847/PSJ/abb99e](https://doi.org/10.3847/PSJ/abb99e).
- 2020 Kevin Zahnle, Roxana Lupu, David Catling, and **Nicholas Wogan**. Creation and Evolution of Impact-generated Reduced Atmospheres of Early Earth. *The Planetary Science Journal*. [DOI:10.3847/PSJ/ab7e2c](https://doi.org/10.3847/PSJ/ab7e2c).
- 2020 **Nicholas Wogan** and David Catling. When is chemical disequilibrium in Earth-like planetary atmospheres a biosignature versus an anti-biosignature? Disequilibria from dead to living worlds. *The Astrophysical Journal*. [DOI:10.3847/1538-4357/ab7b81](https://doi.org/10.3847/1538-4357/ab7b81).

Talks:

- 2019 **Nicholas Wogan** and David Catling. When is chemical disequilibrium in Earth-like planetary atmospheres a biosignature versus an anti-biosignature? Investigating disequilibria from prebiotic to post-biotic worlds. American Geophysical Union Fall Meeting, San Francisco, CA.

Posters:

- 2018 **Nicholas Wogan**, Dale Winebrenner and Joshua Krissansen-Totton. Chemical Disequilibrium as a Biosignature in an Antarctic Subglacial Lake Analog to Ocean Worlds. American Geophysical Union Fall Meeting, Washington, DC.
- 2020 **Nicholas Wogan**, David Catling and Kevin Zahnle. Molecules for the origin of life from impact-generated atmospheres on early. American Geophysical Union Fall Meeting (remote conference).
- 2020 **Nicholas Wogan** and David Catling. Earth's Impact History Favors a Late Hadean Origin of Life. Simons Foundation Collaboration on the Origin of Life (SCOL) annual meeting (remote conference).
